OUR STORY

EGO is part of an international manufacturing business established in 1993. Pioneers of cordless technology from the very first days, this desire for innovation and breaking new ground has helped us achieve exceptional growth.

Today we're one of the world's biggest tool manufacturers, employing more than 7,000 people. We produce over 10 million units each year, sold in over 30,000 outlets in 65 countries worldwide.

The brain power behind our battery power

Our talented team of over 400 highly qualified technicians are responsible for developing and delivering clean, reliable power tools for today's switched-on customers. Working in our dedicated R&D centre, they partner with our international teams to design innovative, durable and powerful tools that deliver superior performance.

As the industry's leading cordless specialist, our team of internationally and professionally recognised testing engineers implement international safety authorisations and help define global safety and quality standards.

Innovative ways we're reducing our impact on the environment

Innovation runs right through every aspect of our organisation. Not only in the products we develop but also in the ways we operate and the places we work.

In 2004 we installed a 7,000m² Green Roof system to our dedicated R&D facility. This has saved the equivalent of 5 litres of petrol per m² each year.

The roof of our Green Power Industrial Park features a 2

megawatt photovoltaic power station. Known as 'The Blue Roof', total 66,000m², the power this generates, year-on-year, saves the equivalent of 755 tonnes of coal as well as cutting Sulphur Dioxide emissions by 50 tonnes and Carbon Dioxide emissions by 1677 tonnes annually.

The Green Power Industrial Park also utilises the latest in ground-source heating, air-conditioning and water-storage technologies. The ground-source heating system alone saves a massive 1 million kWh of electricity annually, the equivalent of 378 tonnes of coal. Cutting Sulphur Dioxide emissions by around 25 tonnes and Carbon Dioxide emissions by 839 tonnes each year.

ALL THE POWER OF PETROL. MINUS THE PETROL

WANT TO
LEARN MORE?

The world is changing, fast. Our whole society is moving away from fossil fuels and adopting cleaner, greener energy. It's why we believe it's time for a new, smarter way to power through gardening and landscaping tasks. Introducing the innovative EGO Power+ system from the cordless specialists. EGO Power+ delivers petrol-matching power, just without the noise, fuss or fumes. EGO's industry-leading ARC Lithium 56V battery technology delivers a new level of performance, giving you the dependable power you need to keep working hard until the job's done.

The minute you try this revolutionary cordless system you'll never look back. Comfortable to use, with impressive run times and fast recharging it offers the ultimate in convenience. There are no trips to the petrol station for fuel and no more having to store highly flammable liquids. Instead you get the freedom to work exhaust and emission free.

For real flexibility, the same ARC Lithium battery fits every tool in the EGO Power+ range. Just click in the battery and you're ready to go. Plus, all EGO Power+ products come with a domestic user 5 year warranty on tools and 3 year warranty on batteries. The warranty for commercial users is 12 months. Further details can be found on our website.

NEW FOR 2022

MORE IMPRESSIVE TOOLS MORE GROUND-BREAKING TECHNOLOGY

The latest tools from EGO Power+ offer technological advancements that make even the toughest tasks a breeze. Whether you're cutting or trimming grass, blowing the leaves away or tidying up the hedges there's a new generation EGO Power+ tool for every task.

Fully compatible with EGO's 56V ARC Lithium battery system, you can expect the same impressive run times and super fast recharge times as standard.

BETTER FOR YOU, YOUR WALLET AND THE ENVIRONMENT

See just how well our tools compare

Our industry-leading 56V ARC Lithium battery technology offers a new level of performance, giving you the power you need to keep working hard until the job's done. With impressive run times and fast recharge, there is no need to purchase or store highly flammable fuel, instead, you get the freedom to work emission-free. For total flexibility, all of EGO's 56V ARC Lithium batteries fit every tool in the EGO Power+ 56V range. Just click in the battery and you're ready to go. When you try this revolutionary cordless system you'll never look back.

SO MANY REASONS TO SWITCH

The EGO Power+ system delivers petrol-matching power without any of the downsides. It's simpler, cleaner, quieter, and with less vibration, it's more comfortable to use. Lower running and maintenance costs means switching to EGO Power+ will lead to long term savings. Plus, with zero emissions during use, you can do your bit to reduce your impact on the environment.

WHY CHANGE FROM PETROL TO EGO POWER+?

FLEXIBLE BATTERY SYSTEM

One EGO battery can power all of your EGO tools

BETTER FOR THE ENVIRONMENT

With zero emissions during use, our 56V ARC Lithium battery gives petrol-matching power but without the fuss and fumes

BETTER FOR YOUR HEALTH

EGO Power+ tools always operate at lower noise and vibration levels than traditional petrol-powered tools

EASY SET UP AND STARTING

No filling up with fuel; with EGO Power+ just click in the battery and get to work

LOWER RUNNING COSTS

The cost of running an EGO Power+ product for a month is around the same as using a 2 stroke product for a day*

SAVE TIME

No more trips to the petrol station. EGO's rapid charger refuels batteries in as little as 30 minutes

FOLD FLAT, EASY STORE DESIGN

Unlike large, heavy petrol mowers, the EGO Power+ fold-flat design makes storage, cleaning and transportation simple

NO PETROL TO STORE

No more dangerous fuel in storage, no more fumes, make more space available for other things

*Based on average daily use of 3 litres of post mix fuel per day.

POWER BEYOND BELIEF™

LESS VIBRATION, LESS NOISE, MORE USER FRIENDLY

Those who regularly use handheld power tools may be at risk of Hand-Arm Vibration (HAV) syndrome. Also known as 'Vibration White Finger' it causes painful and disabling disorders of the blood vessels, nerves and joints.

Those affected may struggle with fine motor tasks and exposure to cold can cause extreme pain in the fingers. However HAV syndrome is preventable. One way it can be avoided is by choosing tools that vibrate less than traditional petrol-powered products; like the tools in the EGO Power+ range.

ARC
LITHIUM
56V

Designed so you can work comfortably all day long

With a smooth brushless motor and fewer moving parts, all EGO Power+ tools have been designed to operate with low levels of vibration, often under the 2.5m² Exposure Action Value limit (EAV) and well below the Exposure Limit Value (ELV).

This allows you to comfortably work with them all day long without any risk to your health. So, choose EGO Power+ and protect yourself every working day.

They are much quieter too

Let's face it. Petrol tools are noisy, and daily exposure can lead to hearing loss and also tinnitus – a permanent ringing sensation in the ears. Fortunately the EGO Power+ range is much quieter than petrol-powered alternatives which will reduce the risk of potential damage, especially over long-term use.

Operating noisy equipment can also lead to an increase in work-related stress. Many factors are known to contribute to this condition and rarely there is a single cause. However because EGO Power+ tools operate at lower sound levels, the working environment is quieter and less stressful for the user.

Noise rating:

LwA (Power) is a measure of the amount of acoustic energy emitted by the machine.

EGO[™]

POWER⁺ BATTERY & CHARGER

WITH THE CAPABILITY TO OUTPERFORM PETROL,
OUR INNOVATIVE RANGE OF BATTERIES AND
CHARGERS DELIVER ALL THE POWER YOU NEED.

POWER BEYOND BELIEF™

EGO POWER⁺ ARC LITHIUM DELIVERS THE INDUSTRY'S HIGHEST ENERGY CAPACITY*

Our unique patented 56V ARC Lithium technology is designed like no other battery. It's why it performs like no other battery

The innovative design of EGO's 56V ARC Lithium battery out-performs petrol-powered products. It is simpler, cleaner, quieter, safer for the environment and with no emissions and less vibration, safer for you too. Impressive run-times and fast charge-times offer the ultimate in flexibility.

Fast recharge

All this clever thinking not only delivers the industry's highest energy capacity in a portable hand-held battery. It also means when it's time to recharge, the EGO Power+ 56V ARC Lithium battery is the quickest around.

360° AIRFLOW
Keeps the battery cool

Why 56V?

Our team of experts has completely revolutionised battery technology to deliver the optimum power and performance for outdoor cordless equipment. Our 56V batteries deliver more usable power than any other hand-held battery. The five portable batteries in our range optimally cover all applications, from leaf blowing to heavy duty cutting.

$$\text{VOLTAGE (V)} \times \text{CURRENT (A)} = \text{POWER (W)}$$

EGO POWER⁺ ARC LITHIUM BATTERY, DESIGNED TO MAXIMISE PERFORMANCE

The patented 56V ARC Lithium battery doesn't just manage heat, it maximises cooling

A battery gets hotter the longer it's used. The more power it generates, the more heat is released. Too much heat and the battery will shut down for safety. Heat also degrades cells over time, reducing battery life. That's why batteries must be cooled effectively to increase performance, run time and battery life. Our batteries have been designed to cool effectively in three innovative ways: mechanically, chemically and electronically.

Unique ARC design

Unlike conventional brick-shaped batteries where the cells are packed together, the ARC shaped design increases surface area, places the cells close to the surface and fits onto the outside of EGO tools. This dissipates heat more effectively, preventing overheating and shut-downs.

ARC LITHIUM 56V

BRICK SHAPE

ARC SHAPE

UNCOATED
CELL

CELL SURROUNDED WITH
KEEP COOL™ MATERIAL

CELL WITH
OUTER COATING

Increased surface area

The ARC shaped battery has been carefully designed to optimise cooling and reduce overheating. Unlike "brick shaped" batteries, the individual battery cells are positioned adjacent to the external housing so heat can be easily transferred away from the cells.

Keep Cool™ Technology

It's not just the innovative ARC design that helps prevent overheating. The battery has another clever way to keep cool. Each and every cell is surrounded by our unique Keep Cool™ phase change material that absorbs heat energy and keeps individual cells at their optimum temperature for longer run times.

Intelligent power

Power is nothing without control. It's why the EGO Power+ 56V ARC Lithium™ battery is continuously controlled by software and microprocessors within the battery and by the tools' intelligent power management systems. These constantly monitor and optimise each individual cell, to deliver the very best power, performance and run time.

Exterior mounted battery

Unlike other manufacturers, EGO batteries fit onto the outside of the tools and are not encased within the tool, which means they stay cool to deliver longer lasting power. To keep them safe and sound, the electronics are protected from dust and moisture by a resin coating and the cells are packaged in a robust case that absorbs shocks and vibrations.

A BATTERY FOR EVERY TASK

EGO Power+ 56V ARC Lithium batteries

From the lightest 2.5Ah to the largest 12.0Ah in the range, as the batteries go up in size, so does the power capacity and run time. Whichever model you choose they have all been engineered for optimal performance and designed to fit all EGO tools. (Please note 10.0Ah & 12.0Ah batteries will not fit discontinued mower LM2000E)

See page 32-33 for more details.

INDUSTRY-LEADING TECHNOLOGY

OPTIMUM PERFORMANCE

EGO's 56V ARC Lithium[™] technology is perfectly optimised to provide the best balance between required performance and usable power.

INNOVATIVE ARC SHAPE

With a larger heat sink area the ARC shape battery helps to transfer heat away from every cell to stop overheating and maximise run-times.

UNCOATED CELL

CELL SURROUNDED WITH KEEP COOL[™] MATERIAL

CELL WITH OUTER COATING

KEEP COOL[™] TECHNOLOGY

Unique phase-change material works to manage the heat transfer on every cell to keep the temperature lower for longer.

INTELLIGENT POWER MONITORING

Internal microprocessors and software control every cell for delivery of optimal power, performance and runtime.

SUPER-FAST RECHARGE

When you finally run out of power an EGO battery can be fully recharged in as little as 30 minutes.

COMPLETE COMPATIBILITY

Every EGO battery works with every EGO tool.

POWER BEYOND BELIEF™

FROM EMPTY TO FULLY CHARGED IN JUST 30 MINS

With a range of battery sizes available from 2.5Ah to 28Ah, you can choose the power you need to tackle any task. When it's time to recharge, the EGO rapid charger is the fastest on the market. The intelligent battery control system constantly monitors each cell's charge and temperature to deliver the most efficient and quickest charge.

Plus, the fan-cooling system allows the battery to start charging sooner and finish faster. As a result, the time it takes to refuel the battery is often less than the run time you get from a full charge. In fact with the rapid charger, the 2.5Ah battery takes just 30 minutes. So with two batteries on the go, you'll have all the power you need, all day long.

POWER+ MULTI-PORT CHARGING CASE

NEW FOR 2022

CHARGE 6 PORTABLE EGO BATTERIES AT THE SAME TIME

QUICK LATCHES

Five durable quick snap latches for easy access & securing of batteries

HINGED LID FOR WEATHER PROTECTION

INTELLIGENT POWER MANAGEMENT SYSTEM

Identifies which battery has the lowest amount of charge, will then power it up until it matches the charge level of the others, and then charge them all simultaneously until full.

FOR USE WITH:

CHV1600E
1600W CHARGER

COMMERCIAL CHARGING PORT CONNECTION

PNEUMATIC STRUT HINGE

Soft close pneumatic strut for easy operation

ACA1000 CHARGING ADAPTOR

For use with the EGO 550W Rapid Charger and 700W Turbo Charger

ADDITIONAL STORAGE

For charging Adaptor storage or other items as required.

6 PORT SIMULTANEOUS CHARGING SYSTEM

Will charge any combination of up to six EGO ARC LITHIUM™ batteries at the same time – ideal for professional users.

WHEELS & ROBUST HANDLES FOR EASY TRANSPORT TO JOB SITE

**ARC
LITHIUM
56V**

EGO's Multi-Port Charging Case will charge any combination of up to six EGO portable batteries at the same time – ideal for professional users.

EGO's intelligent power management system charges batteries with the lowest level of charge first, then brings all the batteries up to full charge at the same rate. Charging 6x 10.0Ah

batteries in as little as 3 hours in combination with the 1600W charger.

The Multi-Port Charging Case can be used directly with the EGO CHV1600E 1600W Charger or with the EGO 550W Rapid Charger and 700W Turbo Charger when combined with the ACA1000 EGO Charging Adaptor.

POWER NEXUS ESCAPE

INTRODUCING THE NEXUS ESCAPE

Power when you want it, power when you need it. Built tough with a 220-240V AC power outlet to power anything from a tablet while out and about, your lamps in the house, even your TV in a power outage.

2 USB PORTS

Use to power phones, tablets, laptops and more. When used with a 7.5 Ah ARC Lithium battery you can charge up to 40 phones.

ONE 220-240V AC POWER OUTLET

Use to power TVs, routers, lamps, speakers and more. When used with a 7.5 Ah ARC Lithium battery you can charge up to 11 laptops.

POWER WHEN YOU WANT IT

Use indoors and outdoors. The Escape can even be used to power a TV. When used with a 7.5 Ah ARC Lithium battery you can power a 42 in. TV for up to 8 hours.

CONVENIENT COMPATIBILITY

Use any EGO battery to power the Nexus Escape.

POWER+ BACKPACK BATTERY

BACKPACK BATTERIES THAT WORK AS HARD AS YOU DO

Team up your EGO Power+ tools with one of our Lithium-ion backpacks

Balancing exceptional power with user comfort, EGO's Lithium-ion BAX1501 backpacks are ergonomically designed to keep you working all day long. The battery pack can be removed from the harness* allowing the battery to be shared amongst multiple users, each with their own harness. To ensure optimum performance, efficiency and longevity, these high-energy capacity batteries incorporate intelligent individual cell monitoring and balancing, both when it's powering a tool and when it's recharging.

Designed to perform, built to last

Delivering the run times you demand, EGO Power+ backpack batteries can give you a full day's work** from a single charge. The high-quality cells, with both high power rating and high energy density, can handle up to 1,000 charge cycles. Plus, with fast recharging, you can go from empty to full in just 3.5 hours.

Flexible performance

With long run times and improved user comfort, EGO Power+ backpack batteries are perfect for all-day use. They're compatible with all EGO Power+ tools, and as the battery is on the harness and not on the tool, the tools are even lighter and easier to use.

*Note the harness straps are supplied with padded comfort straps and may appear different.
**Dependent on the tool and based on an 8 hour working day.

BAX1501 COMMERCIAL BACKPACK BATTERY

The EGO Power+ commercial backpack battery delivers the power output and run times needed for demanding jobs. In fact, it has the same power as 80% of the petrol products currently in use. All minus the noise, fumes and vibration.

To make sure it's extremely tough and durable, we tested it to the extreme too. The commercial backpack battery can handle the heaviest downpours and still power the tool. Plus, the super robust casing is designed to take all of the knocks you can throw at it.

EGO[™]

POWER⁺ COMMERCIAL SERIES

PETROL-MATCHING BATTERY POWER MEETS
SUPER TOUGH DESIGN AND CONSTRUCTION
IN OUR COMMERCIAL SERIES.

POWER⁺ COMMERCIAL SERIES

THE POWER OF PETROL WITHOUT THE NOISE, FUSS OR FUMES

Another great reason for choosing EGO is that you can power through any job, without the excess physical stresses and strains associated with heavy, noisy and vibrating petrol-powered tools.

A big benefit of choosing EGO's low-vibration cordless tools is how they help users avoid the risk of Hand-Arm Vibration Syndrome (HAVS). Also known as 'Vibration White Finger' it causes painful and disabling disorders of the blood vessels, nerves and joints.

$$P = \frac{F \times D}{T}$$

SUPER TOUGH. SUPER POWERFUL. INTRODUCING THE EGO COMMERCIAL SERIES

When we created our EGO Power+ commercial series we set our standards high. Not content with developing a range of tools that redefined what cordless tools can do – we looked to deliver power and performance that exceeds their petrol-powered equivalents.

Designed to work harder, all-day every day, in the most challenging conditions. This range of high-spec tools and backpack battery take petrol-free working to a whole new level, ensuring productivity levels remain high.

Built to last and last

All tools in the commercial series are engineered to last longer, so you can cut maintenance time down to size. And because they are quieter, lighter with no fumes and less vibration, you can work comfortably for longer.

Commercial series – same compatibility

EGO is a name you can rely on. With a history of cordless power innovation, we know the ability to mix and match batteries, backpacks, harnesses and tools is vital. This level of complete flexibility continues with the commercial series.

POWER+ COMMERCIAL SERIES

THE ULTIMATE IN FLEXIBILITY

EGO Power+ commercial tools are designed to deliver maximum battery power that outperforms petrol. All the tools in the EGO Power+ commercial series are compatible with a number of battery options as shown, offering ultimate flexibility to complete any job big or small.

POWER+ COMMERCIAL TOP HANDLE CHAIN SAW

INTELLIGENT TREE SURGERY

'Best in class' power, performance and design. EGO's arborist-specialist tool from the Power+ Commercial series, the EGO CSX3000 Top Handle Chain saw is designed to tackle the challenges of all-day professional use.

With industry-leading ARC-Lithium battery technology at its heart, the Top Handle Chain saw provides unrivalled power, torque and chain speed, whilst benefitting from long run-times and fast recharging. And with no pull-chord, no need to run the tool in idle and no hot exhaust, switching to EGO ARC-Lithium power makes more sense than ever.

A unique Chain-Brake Safety System is a cutting-edge combination of mechanical and electronic technology reducing the risk of injury, stopping the tool's motor faster if kickback occurs.

Additional features on the tool make working at height even easier - the Battery-Level Indicator Light alerts you when 10% of battery power is left, while the visible Oil Indicator Light comes on when the tool needs a top up.

Suitable for every tree-top job with a range of chain bars available, from 30cm - 40cm, the EGO Top Handle Chain saw makes the task in hand, easier, cleaner, quieter and safer.

It's time to get to grips with the new best in class.

POWER⁺ COMMERCIAL LINE TRIMMER/BRUSHCUTTER

UP TO 5800rpm
NO LOAD SPEED

THE TOUGH ANSWER TO ROUGH GROUND

Perfectly balanced for comfortable use, EGO's commercial line trimmers / brushcutters make short work of even the roughest ground. Power comes from EGO's commercial backpack battery and the ready-for-anything 2KW motor.

Light yet strong, the solid steel drive shaft is housed in a carbon fibre drive tube. Unlike alloy shafts, it won't bend and lose its shape over time, keeping vibration levels to a minimum.

EFFICIENT AND POWERFUL BRUSHLESS MOTOR
For longer running times

VARIABLE SPEED TRIGGER WITH SAFETY LOCK-OFF

POWER+ LINE TRIMMER/BRUSHCUTTER

LINE, BLADES AND ACCESSORIES TO SUIT EVERY JOB

EGO have a range of lines, blades and harnesses to suit any trimming or cutting job, plus a range of replacement cutting heads for all EGO Line Trimmer products.

Lines for Line Trimmers

Choose a smaller line thickness for clearing long grass and lighter vegetation, or a larger, more durable line thickness for cutting down heavier, dense vegetation. Commercial, more powerful Line Trimmers are more suitable for the heavier lines, while twisted lines are quieter during use. For simple line replacement - choose a pre-wound spool for compatible tools. See our simple guide to choosing the right line below.

Brush Cutting blades

For cutting down heavier vegetation, bushes and verges.

Rotocut Blades

Replacement Rotocut blades will fit the EGO Power+ Rotocut attachments, which are ideal for working through tough-to-shift growth in paths and drives, and along the base of walls and curbs. (Available only as a spare part)

Line Trimmer heads

Replacement cutting heads are available for EGO Line Trimmer machines with standard, bump-feed and PowerLoad™ heads.

Straps and Harnesses

A full range of replacement straps and harnesses are available for EGO Line Trimmer machines, to make tackling the job easier.

POWER⁺ COMMERCIAL HEDGE TRIMMER

CUTTING CAPACITY: 33MM
TOOTH DEPTH: 20MM

3600spm
NO LOAD SPEED

**CUTS CLEANER,
RUNS LONGER.
MAKES CUTTING
HEDGES
SHORT WORK**

Designed for professionals, the commercial hedge trimmers are precision engineered to tackle the toughest hedges with ease.

Powered by the petrol-matching commercial backpack battery, a single charge delivers impressive run times. While the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, fumes and noise of a petrol engine.

Blades that cut cleanly

The high-quality EGO Power+ blades are made from laser-cut steel with diamond-ground edges to provide the cleanest cut and promote healthier hedges.

POWER+ COMMERCIAL TELESCOPIC POLE SYSTEM

THE FLEXIBILITY TO CUT HIGH BRANCHES OR HEDGES

EGO's telescopic pole system enables you to work on those harder to reach jobs without the need for platforms or ladders.

The telescopic pole has a tool-free interchangeable head system which can be set up to work with either the pruning saw or hedge trimmer attachment in just a few seconds.

The telescopic pole houses the battery and dual-trigger controls and has an extendable reach up to 4 metres.

There are several trigger points to provide great reach and maneuverability relevant to the application.

When fully extended the tool meets the maximum allowable lengths, with great balance, articulation and ergonomics.

IN-LINE BATTERY POSITION
For optimum balance during use

REAR FOOT
Replaceable carrying handle, protection against bumping and dropping

*The Telescopic Pole Saw attachment and the Telescopic Hedge Trimmer can be purchased separately.

**Depending on which attachment.

EGO[™]
POWER⁺ MOWER

WITH A RANGE OF CUTTING CAPACITIES, POWERFUL
VARIABLE SPEED MOTORS AND SELF-PROPELLED
MODELS, TACKLE ANY SIZE LAWN WITH EASE.

CUTS LIKE A PETROL MOWER. JUST CUTS OUT THE PETROL

Significantly quieter than a petrol mower and with far lower service costs and zero emissions during use, the EGO Power+ mower range offers a variety of cutting capacities.

The variable speed self-propelled motor keeps you in control as you cut. Plus on a single charge our battery gives you up to 80 minutes run time*. Automatic Variable Speed on selected models, delivers optimal cutting speed to maximise battery run time whilst maintaining grass cutting performance.

The 3-in-1 functionality lets you cut, bag or drop clippings while the LED headlights let you work further into the day. And when you're done, the easy-fold design makes cleaning and storage simple.

EGO Power+ Mower 30 Day Money Back Guarantee

If you are not satisfied with your purchase of an EGO Power+ Mower for any reason, you can return it within 30 days for a full refund provided you have purchased it from an authorised EGO Power+ Dealer, terms and conditions apply. Please refer to website for full details.

*Run time can vary depending on model and battery as well as condition of grass and user operation technique.

A MOWER FOR EVERY LAWN. THE RIGHT TOOL FOR THE JOB

The EGO Power+ mower range showcases a variety of specifications designed to make lawn care quicker, easier and more efficient. And with model sizes ranging from 42cm to 52cm cutting width, there's an option for every task and size of lawn.

Technologically advanced in every way, each mower packs incredible petrol-matching power as standard. Thanks to our revolutionary ARC Lithium™ 56V battery system, they make minimal noise, emit zero emissions, and start up at the touch of a button.

While these benefits apply to all EGO Power+ mowers, key differences make some models better suited to specific kinds of gardens.

Check out our handy diagram to the right to identify the size of lawn you can cut on a single charge, and therefore the mowers that are suitable for you.

Choosing the RIGHT mower:

Small, tight spaces, or close to trees

For smaller spaces and improved precision around obstacles, mowers with a smaller cutting capacity are ideal.

Our compact 42cm models LM1700E or LM1700E-SP are perfect for smaller spaces.

Bigger, open spaces

A mower with a wider cutting capacity will help you cover more ground in fewer passes. Opting for a bigger battery will increase run time, as will variable automatic cutting speed control. For a faster cut, a larger capacity bag can collect more grass and needs emptying less often.

Try our 52cm model LM2130E-SP which makes even the biggest jobs feel small.

Sloping ground

Using a self-propelled mower takes the strain out of pushing the mower uphill.

Our self-propelled mowers, LM1700E-SP, LM1900E-SP, LM2020E-SP and LM2130E-SP are available in different cutting capacities to suit the size of your lawn, choose a wider cutting capacity for less passes.

Additional comfort

If comfort is a priority, poly deck models are the lightest option. Self-propelled mowers require less effort, and with an adjustable handle, you can decide on the most suitable height.

Most of our mowers are available with a poly deck (Excluding LM2020E-SP) - just choose the cutting capacity to suit the size of your lawn.

For all battery runtimes see pages 32-33.

Grass cutting options

There are 3 different ways that EGO Power+ mowers deal with cut grass. Great for lawns that aren't too thick, mulching redistributes grass particles and fertilising nutrients. Drop cuttings or side discharge, allows for quicker mowing through thick and long grass. Bag collection keeps lawns clear of any cuttings.

SELECT CUTX

Interchangeable multi-blade cutting system that allows you to choose between specialist mulching blade and bagging blade... to either distribute fine cuttings into your lawn or to collect cuttings into the large collection bag.

POWER+ Z6 ZTR
RIDING MOWER

Z6

ZERO-TURN RIDING MOWER. TRULY GROUNDBREAKING

The battery-powered EGO Power+ Z6 ZTR Riding Mower is a ZTR like nothing else out there.

Featuring Peak Power™+ technology, it can hold up to six EGO 56V ARC Lithium™ batteries - the same unique battery technology that powers all EGO products, making it the world's first platform-compatible riding mower.

Power like no other

Delivering the equivalent power of a 22 horsepower petrol engine, with none of the emissions, the Z6 covers up to 8,000m² on a single charge with four 10.0Ah batteries. You can tailor the combination of batteries exactly to match the size of your lawn, and to how you prefer to cut your grass - unlike any other battery-powered ZTR on the market. The industry's fastest charger fully charges four 10.0Ah batteries in just 2 hours, 4x faster than any of the competition, while the four independent brushless motors deliver the power and performance of petrol to get the job done.

Please note: Four 10.0Ah batteries are supplied with the unit

PEAKTM

PEAKTM POWER⁺ TECHNOLOGY

THE WORLD'S FIRST PLATFORM COMPATIBLE ZTR

The Z6 is Peak Power⁺™ platform-compatible ZTR, powered by any combination of EGO 56V ARC Lithium™ batteries. Peak Power⁺™ technology combines the power from as few as two to as many as six EGO 56V ARC Lithium™ batteries to deliver the power and performance of a petrol mower. The convenience of universal battery compatibility means the same battery can be used in any other EGO Power⁺ tool, so you can get even more done.

EGO[™]

POWER⁺ MULTI-TOOL

WE'VE RE-DEFINED FLEXIBLE WORKING. CUT, SAW,
EDGE AND MORE. ALL WITH ONE POWER UNIT AND ALL
WITHOUT THE FUSS AND FUMES OF PETROL.

**THE EGO POWER⁺
 MULTI-TOOL.
 ONE TOOL LOTS
 OF OPTIONS.**

With a single power unit and a range of high-tech attachments, the EGO Power⁺ multi-tool lets you breeze through a variety of jobs. Whether you're cutting grass, edging lawns, trimming hedges, sawing branches or tilling soil, switching between attachments is quick and easy thanks to our simple and secure tool-free coupling system. Plus our extension pole gives you the reach to tackle any height. Add to that our innovative 56V ARC Lithium battery and you have all the power you need, without the fuss or fumes and with less noise than traditional petrol-powered tools.

THE POWER TO TACKLE ANY TASK

**One revolutionary power unit.
Seven ways to use it.**

Our most versatile tool yet, the EGO Power+ multi-tool makes more possible. Featuring eight different attachments, easily switch from trimming to cutting to sawing to edging to tilling.

Standard / Short Hedge Trimmer

Ideal for shaping high and wide hedges and branches, the head angle is adjustable to suit the job at hand and allows for storage in small spaces.

POLE SAW

Slices through tree branches fast and efficiently. Combine with the extension pole to reach further and cut more.

ROTOCUT

Cuts through grass, weeds and moss on concrete and pathways with ease. Featuring two counter-rotating blades, preventing debris from being thrown.

LINE TRIMMER

Trim grass along fences and walls with professional precision. Includes our Rapid Reload head, making it easier than ever to replace line.

BRUSHCUTTER

Made tougher, the brushcutter is built to deal with difficult undergrowth. From thick grass to tough weeds, cut through the most troublesome tasks with ease.

EDGER

Give lawns a professional finish with the edger attachment. Ideal for neatening edges along paths, driveways or flowerbeds.

CULTIVATOR

The cultivator's teeth prepare soil prior to planting. Removing weeds and introducing air, it creates a loose bed, encouraging the growth of healthy plant life.

BRISTLE BRUSH

Make short work of sweeping hard surfaces with our easy-to-attach bristle brush. The 1.5mm bristles make it ideal for cleaning the toughest areas whilst protecting the operator from flying debris.

HTA2000
HEDGE TRIMMER ATTACHMENT

Laser cut, diamond ground blades and simple angle adjustment make this trimmer as precise as it is powerful

STA1500
LINE TRIMMER ATTACHMENT

This attachment is packed with features to save you time and help you work safely, quickly and efficiently

NEW FOR 2022

HTA2000S
SHORT HEDGE TRIMMER ATTACHMENT

With the same sharp blades and quick cutting action, this attachment makes short work of low, deep hedges.

BCA1200
BRUSHCUTTER ATTACHMENT

Tough enough to take on anything, the reversible three-sided metal blade makes short work of any overgrown area

PSA1000
POLE SAW ATTACHMENT

10"/25cm guide bar and chain make cutting branches fast and efficient

EA0800
EDGER ATTACHMENT

With quick depth adjustment and handy guide, this attachment makes achieving a perfect edge easy

EP7500 EXTENSION POLE

Nothing is out of reach with this strong yet light-weight extension pole. Just click in the attachment you need and off you go
Only for use with Pole Saw and Pole Hedge Trimmer attachments

CTA9500 CULTIVATOR ATTACHMENT

The easier way to prepare soil for planting, the cultivator's rotating teeth remove weeds and aerate soil

BBA2100 BRISTLE BRUSH ATTACHMENT

Clear moss and wet leaves from hard surfaces easily with the new bristle brush attachment

RTA2300 ROTOCUT ATTACHMENT

Cuts through grass, weeds and moss with ease. Featuring two counter rotating blades which prevent debris from being thrown make it ideal for use in delicate areas

EGO[™]
POWER⁺ LINE TRIMMER

THE PERFECT COMBINATION OF POWER, BALANCE
AND COMFORT, OUR LINE TRIMMERS CUT EVERY
JOB DOWN TO SIZE.

NO PETROL.
JUST LOTS AND LOTS OF POWER

Powered by the ARC Lithium battery, the EGO Power+ line trimmers give you all the power you need to tackle the toughest jobs. The quick-adjust handle offers optimum balance and control and the large cutting swath cuts any task down to size. Plus the soft-start function and constant-speed control ensures consistent trimming every time.

QUICKLY AND EASILY REPLACE THE LINE

The rapid reload head, on selected models, enables quick line replacement with perfect winding every time to eradicate the nuisance of poorly fed line.

STEP 1
 Feed the line until equal amounts on both sides

STEP 2
 Rotate the head and the line will perfectly wind into the spool

STEP 3
 Once 15cm of line is visible on each side, the process is complete

POWER⁺ HEDGE TRIMMER

LIGHT, YET POWERFUL, OUR NEXT GENERATION OF
CORDLESS HEDGE TRIMMERS GIVE YOU ALL THE COMFORT
AND CONTROL YOU NEED TO GET THE JOB DONE.

EGO[™]
POWER⁺ HEDGE TRIMMER

**BALANCED,
PRECISE,
POWERFUL**

Powered by the petrol-matching ARC Lithium 56V battery, a single charge delivers such impressive run times that you'll be amazed at how much hedge you can cut.

The well-balanced design also has a number of clever features to make using for long periods of time more comfortable. The rotating handle and dual trigger system provide enhanced user comfort and safety. While the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, fumes and noise of a petrol engine.

POWER⁺ HEDGE TRIMMER

Rotating rear handle

Two-speed selector

***IT'S LIGHT, COMFORTABLE TO USE
 AND HAS ALL THE POWER YOU NEED***

With Hedge Trimmers available from 51cm to 65cm, there's an EGO hedge trimmer for every size job.

The EGO Power+ hedge trimmers feature double-sided knife-edge†, laser cut diamond ground blades for precise clean cuts. The two-speed selector lets you choose the right speed for every task and the large

cutting capacity means you can get to work on larger hedges with thicker branches and stems.

Blade-tip protection stops damage from fences and walls. For safer working, the safety blade guard helps prevent injuries while the electric brake stops the blades when the trigger is released.

**HT2000E - SKIN
 HEDGE TRIMMER ONLY**

51cm HEDGE TRIMMER

Single-speed, single knife-edge cutting action, powerful brushless motor, ideal for cutting narrower small-to-medium hedges with thick stem widths.

EGOTM
POWER⁺ CHAINSAW

**BUILT FOR THE TOUGHEST JOBS, POWERED BY OUR 56V
ARC LITHIUM BATTERY TECHNOLOGY, NOTHING GETS IN
THEIR WAY.**

IT CUTS, CUTS AND CUTS SOME MORE

The EGO Power+ chain saw is built tough to tackle even the hardest jobs. Trunks, logs, branches, nothing gets in its way.

Choose simple, safe and Easy Chain Tensioning to maintain proper tension during use or opt for tool-free chain tensioning for easy set up and adjustment. Check the lubrication level through the oil inspection window and you're ready to go.

It really cuts it when it comes to safety too. The chain kickback and electric brake protect you while you work. And the auto-lubrication system keeps the chain spinning freely at all times.

Plus with EGO's ARC Lithium 56V battery delivering such an impressive run time and incredible power on a single charge, it'll keep you working cut after cut after cut.

SIMPLE, SAFE CHAIN TENSIONING

EASY CHAIN TENSIONING

The EGO Power+ 45cm chain saw with Easy Chain Tensioning is built tough to tackle even the hardest jobs. With a high speed 20m/s chain speed and a powerful motor, nothing will get in the way.

All guesswork is removed when it comes to the correct chain tension thanks to an easy tensioning feature. When replacing or tensioning the chain, simply loosen the sprocket cover on the saw, re-tighten and you're ready to go.

It's perfect for low light too thanks to a powerful LED light.

EGO[™]
POWER⁺ BLOWER

WITH HIGH-EFFICIENCY BRUSHLESS MOTORS AND
JET TURBINE TECHNOLOGY, EGO POWER+ BLOWERS OFFER
MAXIMUM AIRFLOW WITH MINIMUM EFFORT.

POWER+ BACKPACK BLOWER

Power setting switch

Adjustable straps

THE BACKPACK BLOWER THAT PACKS A PUNCH

Big jobs need big power. And that's what the EGO Power+ backpack blower delivers. With the ability to blow over 1020m³ of air per hour on Turbo Boost mode, the leaves don't stand a chance. With up to 3 hours run time* you can cover plenty of ground too.

But there's more to this clever blower than simply packing a punch. The smooth brushless motor significantly reduces vibration compared to its petrol-powered equivalents. It's a lot quieter too.

The comfortable padded backpack frame supports the blower, taking the strain off your arm and distributing the weight more ergonomically, making the backpack blower perfect for those really big jobs.

*180min @ 440 m³/h w/7.5Ah battery - Min. air setting.

BLOWS PETROL- POWERED BLOWERS OUT OF THE WATER

Powered by a high-efficiency brushless motor, the EGO Power+ blowers feature jet turbine technology and a large diameter tube to give maximum airflow. With a variable speed function designed to keep you in control, selected models also feature a Turbo Boost mode, delivering extra power for those hard to move objects. More than most handheld petrol blowers on the market. That's more than enough power to clear up even the biggest windfall.

POWER⁺ WARRANTIES

WARRANTIES YOU CAN RELY ON

Domestic use

Commercial use

At EGO we pride ourselves on manufacturing products that are not only innovative and easy to use, but reliable and robust too. And however unlikely our products are to go wrong, it's good to know that all our products are covered by a warranty* you can rely on. All EGO Power+ products come with a domestic user 5 year warranty on tools and 3 year warranty on batteries and chargers. The warranty for commercial users is 1 year.

The Commercial Series Product Warranty for commercial users is 2 years for product, battery and charger.

COMMERCIAL SERIES

The support of our service dealer network

With a nationwide network of EGO approved service dealers, you're never too far from the support you need. From selecting the most suitable tools for your needs to providing an outstanding after sales service, get great face-to-face advice whenever you need it.

Original spare parts

We're here to keep your tools running for years to come. We can provide the spare parts to extend the life of the tool.

Committed to quality

We're one of the biggest power tool manufacturers in the world with over 7,000 employees and over 10 million units manufactured each year. To make sure our tools combine petrol-matching power with the ease of use and reliability you need, we've invested heavily into research and development to become one of the world leaders in battery technology. Our advanced manufacturing process is highly digitalised and automated to ensure the consistent high quality and performance of our tools.

*For defects caused by material or manufacturing fault. This does not cover wear and tear.
